

\$34 Million To Be Spent On U.S. 40 In Next Two Years

Work In This Area Planned For Completion For 1960 Olympics

Five major freeway construction projects on the trans-Sierra portion of U.S. 40, totaling 36 miles in length and estimated to cost \$34,650,000, are contained in the state highway budget for the 1958-59 fiscal year submitted to Gov. Goodwin J. Knight by the California Highway Commission.

The statewide budget adopted by the commission totals \$493,571,763, of which \$338,000,000 is for construction purposes, including rights of way, on state highways.

The five major trans-Sierra projects budgeted will connect with and extend freeway work now under contract on U.S. 40 in Placer, Nevada and Sierra counties involving four contracts totaling 20 miles of highway and an aggregate construction cost of approximately \$15,900,000.

When both the projects now under construction and those newly budgeted have been completed, there will be a total of about 83 miles of freeway or expressway in operation on the 117-mile length of U.S. 40 between Sacramento and the Nevada state line, it was pointed out by State Director of Public Works Frank B. Durkee, chairman of the highway commission.

Ready For Olympics

This multi-lane divided mileage will include 56 continuous miles of freeway and expressway between Sacramento and east of Gold Run, and nearly 21 continuous miles between the east end of Donner Lake and the Nevada line. The remaining six miles of freeway will be slightly west of Donner Summit, between Hampshire Rocks and Soda Springs.

Durkee explained that U.S. 40 is a portion of the national system of interstate highways and that the present emphasis on its development as a freeway is in line with the goals of the accelerated national program. He also noted that projects included in the 1958-59 budget are intended, weather permitting, to be opened to traffic by the end of 1959, in time for the Winter Olympic Games scheduled for Squaw Valley in February, 1960.

Large Scale Projects

Of the five projects on U.S. 40 contained in the new state highway budget, four are being financed only in part in the 1958-59 fiscal year. In these cases the contracts for the entire project will be awarded at one time, however, with the remaining cost to be charged against the budget for the succeeding fiscal year. This method of getting large-scale projects started without tying up large amounts of highway funds is being used in the 1958-59 budget for the first time.

The current status of freeway and expressway development on U.S. 40 east of Sacramento is now as follows:

Sacramento to one-half mile east of Roseville, 17 miles, freeway completed.

One-half mile east of Roseville to one mile east of Newcastle, 11 miles, under construction.

LAST RITES HELD FOR MRS. SELKIRK

TAHOE CITY—Funeral services for Mrs. Ida E. Selkirk, 56, mother of George Selkirk, local manager of the Pacific Telephone Company, who expired at a hospital in Stockton October 21, were held in that city October 23.

The deceased had made her home with her son and family here during the past several months. She had been in failing health for six months. Friends and neighbors who knew Mrs. Selkirk were shocked at her untimely death and join in extending sympathy. The local man was the only surviving child.

BISHOP TO CONFIRM 40 IN LOCAL RITES

His excellency, the Most Reverend Joseph T. McGuckin, Bishop of the Diocese of Sacramento will administer the Sacramento of Confirmation in Assumption Church, Truckee, on Sunday, November 3 at 4 p.m. Thirty children and 10 adults of Assumption Parish will be present to receive the Sacrament.

A rehearsal will be held on Friday night, November 1 at 8:30 at which all those to be confirmed must attend with their sponsors, Father P. J. O'Neill said.

All parishioners are urged to attend this impressive ceremony on Sunday which will be followed by benediction of the Most Blessed Sacrament.

CHURCH BAZAAR

A meeting of the W.C.S.R. will be held at 1:30, November 6 in the home of Mrs. Robert Roth. Final arrangements will be made for the luncheon, food sale and bazaar to be held November 15 in the Methodist Church edifice.

Mrs. Virginia Taylor of Reno visited her friends here last weekend.

Local Court Aids County Expenses, Report Indicates

That Truckee and vicinity are currently paying their share of Nevada County expenses is indicated in the report from Judge F. W. Wilson to the county treasurer, accompanied by a check for \$5,185.50 from fines and fees collected for the month of October.

This brings to \$42,691 the amount collected in the local court during the first nine months of 1957 and is more than \$2,000 over the previous highest year on record—1955 when \$40,502 was the year's total.

Saturday Will Be Work Day At Rink

Saturday will be work-day at the ice rink south of the Truckee River and Detail Chairman Emery Lander is seeking volunteers to lend a hand in preparing the rink and warming hut for this winter's activities.

Through the cooperation of the Rotary, Lions and Truckee Athletic Clubs, materials have been donated to make needed repairs and but a few hours labor from as many people as possible will be needed to complete the task.

The Rainbow Girls and the TAC will provide lunch and refreshments for the volunteers and a large amount of volunteers is expected.

Lander, who heads the committee, said that once the facilities are ready, it will be up to the users of the rink to maintain them.

"We are doing this job for the youngsters and feel they will appreciate it enough to keep the rink in order," Lander said.

Two Ex-Cons Held After Arrest Here

Bail in the amount of \$2500 each was set Monday by Judge F. W. Wilson for James R. Manning, 29, and James Harry Clark, 30, who were arrested by Deputy Sheriff Ralph Ayala Saturday night and charged with being ex-convicts in possession of firearms.

A record on the two obtained from the state files, Ayala said, showed both had been in prison, Manning in South Dakota and Clark for armed robbery in Nebraska. In addition, a hold was asked for Manning who is wanted for questioning in Long Beach on a burglary charge.

The men were armed with a .22 calibre pistol which the officer said was stolen from a home in Reno.

Both men have unsavory records which are being checked and Ayala said it is possible additional charges may be lodged against them as a result of the current investigation.

They were arrested here after displaying the weapon in local bars.

Robert Eric Hart Feted At Belated Party Here

A belated birthday party for her son, Robert Eric, was given by Mrs. Deloy Hart at her home last Thursday. Robert was four on October 3.

The usual games and refreshments and favors featured the enjoyable party and guests included Mrs. Derold Daly and children, David and Gail, John Schuler, John Carpenter, Mrs. Mary Moore and brothers, Stephen and David.

WAR PRISONER TELLS ROTARY OF ESCAPE

Major Ward Millar, one of a total of only three Americans who escaped from a Red China prison camp during the Korean war, was speaker at Monday night's meeting of the Truckee Rotary Club at Donner Lake Lodge. Major Millar, now stationed at Stead Air Force Base, was the guest of Ed Grant, former forest service ranger here, now stationed at Stead.

Major Millar is author of a book of his personal experiences in the war and is an excellent speaker. Dr. Ben King presided at the meeting.

In North

Mr. and Mrs. Martin Howard returned from a two weeks' vacation spent with relatives in Washington and Oregon.

State Will Open Summit Road Bids On December 4th

Hampshire Rocks To Soda Springs Lateral To Be Next Project

Another six miles of four-lane freeway will be added to Highway U. S. 40 under the terms of a contract offered for bids this week by the division of highways, District Highway Engineer Alan S. Hart said in Marysville.

The section to be improved is in Placer and Nevada counties between Hampshire Rocks and 0.5 mile west of Soda Springs. The bids will be opened in Sacramento December 4th.

The contract calls for grading and paving with portland cement concrete a four-lane divided highway on new alignment. The new section will have curves at a minimum radius of 1500 feet and maximum grades will be limited to 4 per cent on the eastbound and 5.5 per cent on the westbound lanes.

The roadway will feature 10 foot shoulders that will be widened an additional four feet in various locations for use during periods of control caused by snow conditions.

Three structures will be constructed on the main route as a part of the contract. They are: the Kingvale and Troy undercrossings and a bridge over the South Fork of the Yuba River. The Kingvale structure is designed as a traffic interchange to provide access to the present U. S. 40 that will serve as a frontage road. Temporary connections to the existing U. S. 40 will be made at either end of the structure.

In addition a haul bridge will be constructed on a county road about six miles west of Soda Springs for use during the construction period.

The major item of construction will be the excavation of approximately 1,188,000 cubic yards of material from the cuts that are necessary for roadway construction in the high Sierra.

A maintenance station site in the area will also be graded and a sand bunker erected as part of the contract.

This is the first project in District III, Hart said, to be financed under the new plan for providing construction funds in the budget of two years. This method of financing was made possible by legislation enacted this year and enables the start of large projects without tying large sums of construction money that will not be needed until the second year of construction.

TRUCKEE TEACHERS TO SPONSOR DINNER

Principal Weston Sauby called attention this week to the Truckee Elementary School Teachers Scholarship dinner to be held in the school on Saturday evening, November 2, between 6 and 8, when a large attendance is anticipated.

Proceeds will go into a scholarship fund for a deserving student of the high school and Sauby predicted that with the cooperation already given the project by the merchants of the community, the dinner will prove a success. The public is invited to attend the affair, which will present concessions afterward, including the stellar attraction, called "A Trip to Mars."

Mrs. Muriel Frey will cook the tasty mulligan stew and with the assistance of the teachers will add hot French rolls, salad, coffee, milk and apple pie to the menu. Dinner tickets for adults are \$1.25, \$1 for high school students and 75c for children below that age bracket.

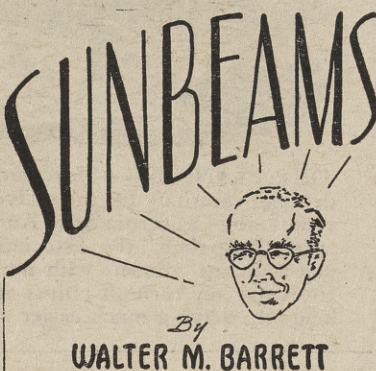

LEWIS LOW BIDDER ON SCHOOL PROJECT

Low bidder for developing a portion of the sites for the new addition to the Tahoe-Truckee High School and the Truckee Elementary School was G. E. Lewis, Truckee contractor, whose bid of \$14,292.90 was accepted at a special meeting of the governing board of the school district last week.

There were five other bidders including Delphia of Patterson; A. Teichert & Son of Sacramento; Milo A. Browne of Kings Beach; S. G. Voudouris of Kings Beach and R. L. Harris of Truckee.

Returns From Tiburon

Constance Euer has just returned from a trip of several days spent with her brother-in-law and sister, Mr. and Mrs. W. H. Topham at their home, Hill Haven, in Tiburon.

WALTER M. BARRETT

Governor Knight's reiteration of his intention to seek reelection should, and we hope will, quiet rumors that he will accept a federal appointment or seek another political position. We share the opinion of most voters that the Governor can shrug off the implications and veiled threats of self-seeking politicians and come through the forthcoming elections with flying colors. In this region we should be 100 percent behind Governor Knight for his treatment of local problems. We can recall no other state official, in any capacity, who has done as much for the eastern (and too often forgotten) side of the Sierra in California. To cite a few instances we can point to the 1960 Winter Olympic Games, the millions being spent on new highways and the personal interest given our local water problems. The 1960 Olympics would have been impossible without the continued vigorous support of Governor Knight. The highway program was advanced from five to 10 years because of his vital interest in the project. In more local projects, Governor Knight signed the Truckee River bill taking the powers to close the stream to fishermen away from the fish and game commission—this despite the fact he was urged by other state officials to veto the bill. Later the Governor signed a bill designed to provide the area with a \$200,000 museum at Donner Park. He appointed a local commission to protect the district's interest in the gigantic federal Washoe project and has always complied with the wishes of the people of this region in their numerous requests for state assistance. This same unselfish and unpolitical attitude has been shown in his treatment of problems in every section of the state. Governor Knight wants to remain as governor of California. He is not using his high office as a stepping stone to achieve personal advancement. We believe California deserves and needs a governor dedicated to California and its problems, and not a man who seeks to further his personal ambitions by the use of the prestige which the office of governor provides.

Buyer of New Buick Leaves Hospital Bed To Drive New Auto

To Roland Gautsche goes the signal honor of being the first owner of a new 1958 Buick automobile in this district.

Gautsche Tuesday left the Tahoe Forest Hospital, where he had been a patient with pneumonia, at 3 p.m. Thirty minutes later he was proudly driving his new Century hardtop delivered by Osburn's Buick Garage.

MORE ELECTRIC SIGNS INSTALLED ON STREET

Workmen Tuesday completed installation of Truckee's newest addition to its "Little White Way" when a huge neon sign was placed over the front of the Truckee Hotel. A unique feature of the new sign is the plastic neon picture of Chief Truckee, the Indian from whom this town derived its name.

Still another new neon has been installed on the main street pointing out Rusty's Corner in the old Telephone building.

KINGS BEACH GIRL IS HONORED AT RENO

Karen Decker, freshman at the University of Nevada was signally honored when she was elected by the men students to reign over the festivities held at Reno during the homecoming festival.

Mrs. Charles Russell, wife of Governor Russell of Nevada crowned the young queen during the half time of the football game which was played during the weekend program.

Queen Karen is the daughter of Mr. and Mrs. Lloyd Decker of Kings Beach and is a graduate of Tahoe-Truckee Unified High School.

Rev. Thomas Boland, formerly of Truckee has been assigned to St. Joseph's Catholic Church at Yreka.

Vacaville Wins In Unscheduled Grid Game With Locals

Wolverines Will Travel To Winnemucca Friday For Game

by JOHN FIRPO

The Vacaville Bulldogs scored two touchdowns in the second half to beat the Tahoe-Truckee Wolverines, 19-6. This is the first time the Wolverines have played a school past Sacramento and with 630 enrollment of pupils.

The Bulldogs scored first as the Wolverines fumbled on their own 18 and Vacaville six plays later scored. The conversion was blocked and the Bulldogs led 6-0 in the first quarter.

In the same quarter Vacaville kicked off and the Wolverines in a series of plays marched 82 yards for the touchdown with Decker going over from the 9. The extra point was no good as a pass from Robinson to Kumble fell incomplete.

Throughout the second quarter neither team could threaten to score and the halftime ended 6-6.

In the third quarter Vacaville's John Bera scored from the 13-yard line. The conversion was good and the home team led 13-6. The Wolverines started another drive in the final quarter but it backfired when a pass from Robinson to Schull was intercepted. A few downs later Dean Zupo scored from the 11. The conversion was blocked and the game ended 19-6, Vacaville.

The Wolverines were without the services of Dean Holbrook, Floyd Cooper, and John Wood in the game.

On defense for the Wolverines L. J. Robinson, Kit Schull, Rex Donaldson and Buzz Trainor, played a fine game as did Ken Osburn, Craig Robinson, and Marty Kumble on offense.

The Wolverines travel to Winnemucca Friday. Game time is set for 2 p.m. If the Wolverines should beat the Buckaroos then it would be Tahoe-Truckee and Manogue for the "A" Division championship.

Meanwhile the JV Cubs traveled to Vacaville also, where they dropped a thriller to the Junior Bulldogs, 39-25.

The Cubs came back to rally within one touchdown, 32-25, and had the ball on a drive, but a intercepted pass stopped any chance of scoring and the Bulldog JV scored. The game saw many fine runs both by Sam Medford, Stan Stock and Leroy Ryser were fine on offense while Randy Shultz, George Boyer, and Dave Kettinhoffen were excellent on defense.

MORE DANCERS ARE INVITED TO AFFAIR

The Donner Dancers meet tomorrow evening at 8 in the Veterans Hall for a special social night. President Darol McGihon announced that all members of the community interested in square, round, and folk dancing will be most welcome since the group hopes to lay plans for the future and to organize a beginners' class.

Most of the evening will be devoted to dancing, and visitors are cordially invited to watch or participate.

Last Friday night the Donner Dancers had as their guests Ted and Waive Bates of Quincy and Dave and Marguerite Ashton of Kings Beach.

On Saturday Joe and Shirley Straub, Wilbur and Ava Glenn, John and Sophie Levr, and Darol and Marian McGihon traveled as a square to Lincoln to help the Circle Eight group start their season.

Kenneth Stumbaugh Is Winner Of Electric Train

The first of the many electric trains being given away by the Donner Theater at the regular Saturday matinees at 1 p.m. last Saturday went to Kenneth Stumbaugh, son of Mrs. Wayne Stead of Donner Lake.

Tickets for the train are being presented free by a number of stores in the area, a list of which are on another page of the Sierra Sun today.

Son Is Born To Lynn Harrises At Hospital

It is a son for Mr. and Mrs. Lynn Harris of Truckee who arrived at Tahoe Forest Hospital on October 24. He weighed in at 6 pounds 6 ounces and Michael Lynn were chosen for his given names.

Low-Level Bridge At Emerald Bay Is Declared Best Bet

SACRAMENTO (CNS) — A consulting geologist from Washington University in St. Louis has reported that a low-level bridge or tunnel would be feasible as a solution to the slide problem on State Route 89 above Emerald Bay, Lake Tahoe, but snow sheds would not be practicable.

Dr. Arthur B. Cleaves, who was employed to undertake specialized studies in the area, said questionable stability of the area would make construction of snow sheds in the Emerald Bay slide area impractical.

"A tunnel through the slide area is feasible, but costly, and there would still remain the problem of winter snow removal along the north side of Emerald Bay," Cleaves' report said.

"From geological and engineering standpoints, the low-level route, including a bridge across the mouth of Emerald Bay, is feasible," the report said.

C. T. McCoy, state highway engineer, emphasized he has no recommendation as yet with respect to the permanent solution of the problem of providing an all-weather highway in the area and that studies are continuing. No funds were included for that section of highway in the 1958-59 highway budget.

Last Rites Held For War Veteran

Funeral services were held at the Truckee Colonial Mortuary Monday afternoon at 2 o'clock for Joseph (Jasper) Archie, 60, a well known resident of Truckee for many years, who expired at Auburn Friday at 11 p.m. He had been in ill health for many years and for the past eight years had been in a rest home in the valley.

Archie was a native of Armenia born November 7, 1897, but came to this country with his parents at the age of nine, settling at Worcester, Mass., and later entered the structural steel industry.

During the first World War, Archie enlisted in the French Foreign Legion as a machine gunner and spent a year on the African desert where he was wounded and later developed encephalitis (sleeping sickness) from which he never recovered fully.

He returned to this country after the war and in November, 1920 was married to Roxie Joseph, his surviving wife. They came to Truckee many years ago and had since made this their home. He was a member of the local post of the American Legion.

Beside his wife, Archie is survived by his brother-in-law, Richard Joseph of Truckee and a sister-in-law, Mrs. James Melver also of Truckee.

Father P. J. O'Neill officiated at the services and Mrs. A. C. Kehm was the organist. Pall bearers were Harry Stout, Paul Capel, Everett Parker, Elden Tonini, Angelo Besio and Al Ring. Burial was in the Truckee cemetery.

Sympathy of the community is extended to the surviving family.

BUILDING GROUP TO HOLD LOCAL MEET

Stanley Hall of Grass Valley, chairman of the Nevada County Citizens Building Committee, announced this week that a meeting of the committee will be held in the office of C. Z. Smith, Truckee member, Wednesday, November 6.

The public is invited to the meeting which will follow a visit to the justice court and local jail.

The committee was appointed by the board of supervisors to study and report on the need for added building facilities in the county. Recommendations will be made to the supervisors some time next month.

At the meeting here, the committee is expected to study the need for a county building in this area to provide much needed facilities.

MORE HOME SALES IN AREA REPORTED

More homes sales in Donner Trail Estates were announced this week by Mrs. Eve Popovich, the developer of the tract just west of here. Vern Banyard has purchased a new home there and Robert L. Walker, new local sanitarian has purchased a lot for a home. Mr. and Mrs. L. F. Webster have purchased a new home.

Local Airport May Be Started Soon Under New Plans

Agreement On Field May Be Reached Soon In New Action

The probability that Truckee and North Tahoe will have an airport even before a district to provide facilities is formed, looms following a meeting of the airport committee at Smart's Monday.

The committee voted unanimously to give Chairman Cecil Edmunds trusteeship in negotiating with the land owner, J. E. Joerger and with William Mason of the Tahoe Airlines, Inc., who proposes immediate development of the field.

Edmunds advised the committee that the attorneys for the Truckee Public Utility District had advised against that organization assuming the responsibility of entering into a contract with the airlines concern, and since the committee is not recognized as a responsible agency, it was found that the naming of a trustee to represent the committee and the district was most advisable.

Mason, who has been here on numerous occasions in an effort to get the work of preparing the field for use, plans to start work just as soon as legal negotiations are completed, possibly within the next few days, Edmunds said.

Under terms of the tentative agreement, neither the committee nor the proposed airport district will be bound by the terms to give Mason's firm a monopoly on the field. The agreement can be terminated if and when the district is formed but in any event will not go beyond June 30, 1959, at which time a new agreement must be made if Mason continues in charge of the local field.

The committee extended its thanks to Edmunds for his agreement to assume the responsibility for negotiating the agreements. All expenses involved in the transactions will be borne by Mason and his company and no obligation is placed upon the committee nor the utility district.

Boy Scout Fund Drive Is Success

The 35 local businessmen comprising the Boy Scout fund collection committee turned in \$972.25 as a result of their efforts last week, Reg Smart, head of the group reported. The Truckee goal was exceeded by more than \$150, and more donors are still to be heard from.

The army of collectors started the drive following a breakfast at Smart's last week.

Members were Smart, Eddie Sardi, Paul Capel, W. M. Englehart, Jr., Ray Saarni, Charles Heller, Robert Moore, Wayne Philippi, James Walker, Orla Swauger, Frank Fox, Lee Apple, William Scutto, C. A. Tollefson, Ray Hartson.

C. Z. Smith, Robert Roth, Darrel McGihon, Robert Leamon, Emery Lander, Clinton Grady, Weston Sauby, Edward Tischner, John Stever, Bud Miller, James Morhain, Russell York, Skip Ferdinand, Daven Morey, Charles Redd, Harry Eaton, Father O'Neill, Dr. Robert Affeldt, B. Mosby, E. Johnston and Ken Hedlund.

Mrs. Eve Hallett was the volunteer secretary for the committee.

DORETTE ROSE WILL HEAD GIRL SCOUTS

Dorette Rose was elected chairman of Donner Troop of Girl Scouts at Tuesday's meeting and at the same time received her own pal proficiency and first aid badges. Judy and Linda Giovannoni were elected secretary and treasurer and Kathleen York the publicity chairman. Sara Van Sickle became a member of the troop and her mother, Mrs. Lloyd Van Sickle was a guest during the meeting.

Mothers interested in the organization will hold a meeting November 5 at 7:30 p. m.

MICKEY WILLIAMS IS STAR AT LASSEN

Led by diminutive Mickey Williams, frosh halfback from Truckee, the Lassen Junior College Cougars defeated the Humboldt State JV's by a score of 13-6 Friday night at Susanville.

Williams contributed 103 yards in 19 carries with lightning like thrusts over guard and tackle. Apparently indestructible, the pocket size Williams has been a consistent performer throughout the season. Last week at Davis he threw a key block leading to a touchdown as the Cougars defeated the Cal Aggies JV's, 27-14.

Forget-Me-Not Sale

Representatives of the Disabled American Veterans of Grass Valley Chapter 122 will be in Truckee and vicinity between Friday, November 1 and November 10 on their annual forget-me-not sale. Proceeds from the sales go entirely to aid and rehabilitate disabled veterans.

The announcement was made by Vergil W. Peck, the post commander.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS) If the 1960 Winter Olympic Games, scheduled for Squaw Valley do nothing else for California, they will have set the program for building a four-lane highway through the Sierra ahead almost five years.

In the budget adopted by the California Highway Commission last week there is provision for freeway projects totalling 36 miles on U. S. 40 east of Sacramento, including an 11-mile section be-

tween Roseville and Newcastle and two other projects which will mean a continuous freeway and expressway for 56 miles between North Sacramento and east of Gold Run.

Other projects, east of Donner Summit, will provide continuous freeway between the east end of Donner Lake and the Nevada line. Thus the state apparently is making U. S. 40 the primary road of access to the winter Olympics, as very little money for U. S. 50, the next transcontinental road south of U. S. 40, received little consideration in the next fiscal year's budget.

Better than \$16 million is allocated for U. S. 40 in Placer alone and better than \$20 million is

Women At The Wheel

TRIP PLANNING—More women than ever before are taking driving vacations by themselves or with another woman friend, reports the California State Automobile Association. To avoid irritating "lost time," the Association's Touring Bureau suggests that you acquaint yourself with the trip on a map before starting out. Knowing key turn-off points and landmarks ahead of time makes long-trip driving much easier and safer.

GOVERNOR NAMES NEW TRAVEL AIDE

SACRAMENTO (CNS) — Gov. Goodwin J. Knight has announced the appointment of James A. Tillery, Carmichael, as his travel secretary.

Tillery, a staff member of the governor's traffic safety committee since 1955, was a member of the department of motor vehicles and California Highway Patrol from 1948 to 1953.

slated for Nevada County, which is a generous share of the \$483 million budgeted by the highway commission.

Had it not been for the 1960 Olympic Games, it is virtually certain that these large amounts would be stretched out over a period of years, rather than allocated all at once to the two counties.

However, there will be some federal and in construction the highway, due to the fact that U. S. 40 is a transcontinental route, and federal assistance is granted for the inter-continental highways. The useage of U. S. 40, even though no Olympics were scheduled, warrants fast construction of this road into a four-lane freeway, and agitation has been under way for some ten years to get the job completed.

Other phases of the highway commission's budget indicate that most of the money allocated is being spent not on new roads, but on improvements to presently operative freeways and expressways. Many four-lane highways are being converted into six and eight-lanes, and many two-lane routes will get the four-lane treatment.

This is in accord with the growth of California, and the increased useage of the state's main arterials, which are becoming more and more congested as the number of automobile registrations increase.

With the funds available for highway construction, it is virtually impossible for the state highway commission to please all the counties and areas of California. Naturally some of the counties which receive a mouse share of the funds are going to complain, and probably complain bitterly.

However, the highway commission considers that the expenditure of highway funds should reflect the need of additional facilities for transportation, and is attempting to allocate on that basis.

Likewise, there will be complaints to the effect that the state's roads cost too much, and that too much money is being spent for rights-of-way. But so far, no one has come forward with practical suggestions for lower cost highways, although there may be much legitimate complaint concerning some of the routing selected by division of highway engineers for location of new freeways through some of the most valuable property in a city.

San Francisco's famous Lincoln Park at Golden Gate provides an unsurpassed view of the world's longest suspension bridge.

NOTICE TO RECLASSIFY PROPERTY IN ZONE DISTRICT AREA UNIT NUMBER 6, LAKE TAHOE

Notice is hereby given by the Placer County Planning Commission that two public hearings will be held by said Planning Commission on Friday, November 8, 1957 and Friday, November 22, 1957 at the Courthouse, Auburn, Placer County, California, at the hour of 2:00 P. M. to consider the petition heretofore filed by Francis and Isabelle E. Torsak for the reclassification of the hereinafter described lands from residential to multiple dwelling:

Lot No. 1 in Block A as shown on maps entitled Tahoe Vista Subdivision No. 1, in Zone District Area Unit Number 6.

At said hearings all persons in favor of the granting of said petition and all persons opposed thereto may be heard.

Dated: October 18, 1957.

HARRY STUBLEY, Secretary
Placer County Planning
Commission.
NANCY CAPERON, Clerk of
said Commission.

Publish: Oct. 24 and Nov. 7, 1957

September, August and October have proved to be the most active months for hurricanes, according to records compiled by the navy's hurricane hunters. Since 1800, approximately 173 have occurred in September, 143 in August and 133 in October. July, November and June are next in frequency in that order.

STRICTLY STRICKLAND

By Bill Strickland

Jim Winthers, who last year directed the ski school at Soda Springs, is again conducting the dry ski school in Sacramento. This pre-ski school is sponsored yearly by the Sacramento Bee and the Sacramento Division of the National Ski Patrol. This year there will be an added attraction. At the schools' termination, a snow ball, sponsored by the ski patrol and chamber of commerce, will be held in the Sacramento Municipal Auditorium. A snow queen will be crowned and all of the participants will have an opportunity of one big get-together. Booth and display areas will be set aside for those business firms who wish to avail themselves of display space. Edvi Aro of Soda Springs and Gordon

Wren of Reno were guest instructors at last week's sessions and report a very avid interest in the coming season.

Donner Summit Lodge held their 14th annual Halloween party this past Saturday evening. About one hundred of the Mountain Top residents laid aside their work-a-day chores and relaxed and played at this well established yearly event.

Just received a card stating another Halloween party will be held at Kiski Lodge. It will be mainly for the young fry on the Hill, but the adults will be there too, to elect new officers for the Community Club for the coming year. So, if you get your paper on Thursday, be sure to attend and take part in the activities of this Mountain Top Club.

Bud Zorich has been working like a beaver readying his ski shop for this coming season. Lots of new ski items arriving daily, plus a remodeling job on walls, and display windows. Art Couillard, our post-

master general, is real pleased with the display windows and lights. Says he can find his way out of the post office to his jeep a lot easier.

We're certainly happy to welcome the return of Johnny Richards to our Mountain Top. Johnny, don't confuse him with "J" Richards of Donner Lake, or Johnny Richards of the Tourist Club, is a member of the Oakland Ski Club—was the chef for Donner Lake Lodge and for Jack Woodard when Jack and Pat were on the Hill. John has moved into Edvi Aro's house at Kingvale, and with his new bride, Margie, is here for the winter. Welcome home, kids!

The Skoalers Ski Club of Hayward have leased George Rudolf's big house here at Soda. For the past couple years it has been leased by Doctor Reich and his family. We'll miss seeing Mary Helen, Tommy, Ronnie and Betty along with their mother and father, but we know the Skoalers will be good neighbors and company.

Tahoe Items

Mr. and Mrs. J. DeGregorio have left Kings Beach for Scottsdale, Ariz.

Mr. and Mrs. D. M. Del Carlo of the Swedish Farm House at Tahoe City will winter at Carmel.

Another recent address change at Tahoe City is that of the David Gaynors who are leaving for Sun Valley, California.

TRUCKEE BIBLE CHURCH

A real treat was enjoyed by those attending the regular Power Hour meeting on Wednesday evening when Mr. and Mrs. Dick Tice showed slides and gave thrilling information about the Lord's work in Chile.

Halloween is the occasion for a teen-time buffet dinner where all ghosts from seventh grade through high school age are welcome. Hosts for the party are Mr. and Mrs. Raymond A. Fudge and Mrs. Roy Rhoades.

The climax of the week's events will be a potluck dinner served at the temporary home of the church which is the Donner Trails Lumber Co. building. All in the community are invited and urged to bring a family dish and enjoy fellowship together with friends. The event of the evening will be the showing of slides by Bill Denny of the trip he took with five other Christian businessmen to the mission field in Ecuador where the Auca people martyred five missionary men in 1955. Also, Jerry Barrett will show the latest sound film out of the story leading up to this event. The thought for the evening will be "Triumph of Tragedy." Please avail yourself of this opportunity.

Wonder what happened to my scoop of a couple of weeks ago on the renumbering of Highway 40? Notice one of the bay area correspondents used part of the same thunder two weeks later.

Had a chance to listen to and see Senator "Bizz" Johnson on a TV show today. He was questioned on the freeway program and its effects on the 1960 Winter Olympics. He stated that U.S. 40—or 80 or whatever, would be four-laned from Roseville to the Nevada state line by game time, with the exception of Donner Summit and a couple of other short strips. He was asked "how many vehicles were anticipated daily to Squaw Valley?" He said, "around 14,000 daily." Unless the bulk of these come by other route, and all of us know they won't most of them will reach Squaw just in time to turn around and go home. We watched a traffic jam last Washington's birthday which saw 600 cars an hour get over the summit. So, if you hit the Mountain Top under the same conditions, first, at 6 a.m., you'll make it, but if you're the 14,000th car, you won't get over until 5:20 a.m. the following morning. Whatever happened to opening day?

TRAVEL IN STATE SHOWS BIG GAIN

SACRAMENTO (CNS) — Traffic on state highways during September showed a jump of 4.6 per cent over the same month in 1956. The count for September showed a decline of 12.2 per cent from August. The normal August-September drop is 11.5 per cent. Freight vehicles represented 19.9 per cent of the total week-day traffic.

Angel and Alcatraz islands and San Pablo Bay were named by Juan Manuel de Ayala, commander of the "San Carlos," in 1775.

The average California farmer uses 47,000 kilowatt-hours of electricity as compared to the national average of only 6,000.

Computed Richter magnitude of the 1906 San Francisco earthquake was about 8.25.

CERTIFICATE OF COPARTNERSHIP DOING BUSINESS UNDER FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS: That we, the undersigned, ROBERT B. TONINI and GEORGE J. BERTONCINI, do hereby certify that we are copartners transacting a general timbering, logging and forest products business in the State of California, under the firm name and style of TRUCKEE FIR; that the principal place of business of said copartnership is situated in the town of Truckee, County of Nevada, State of California, and that the names in full of all of the members of said copartnership, and their respective places of residence are as follows, to-wit:

Robert B. Tonini
Truckee, California
George J. Bertoncini
207 1/2 Empire Street
Grass Valley, California
IN WITNESS WHEREOF, we have hereunto set our hands this 24th day of October, 1957.
George J. Bertoncini
Robert B. Tonini

Navy's New Arctic Wonder Fabric! ALLEN-A INSULAIRE®

Greatest warmth without weight! Ideal for work or play in coldest weather!

Almost unbelievable — the ability of Allen-A Insulaire to prevent escape of body heat! Yet this highly absorbent, non-itch fabric, developed by the Navy, never feels uncomfortably warm or causes undue perspiration in mild weather. Allen-A Insulaire was selected by U.S. Olympic Committee for U.S. athletes at VII Olympic Winter Games. Ask for — and be sure you get — Genuine Allen-A Insulaire — imitated but never equalled in quality.

- Superior fabric holds body heat
- Machine washable . . . tumble dry
- Extra long shirt-tail won't ride up
- No-sag collar cut high for added protection
- No-vent cuffs, double Swiss-rib
- Minimum weight . . . not bulky
- Smart looking enough to wear as shirts and pajamas

"ALLENIZED"® fabric won't shrink out of fit.

Hail To The Queen

What a surprise to see a beautiful picture of one of our favorite daughters, Karen Decker, daughter of Mr. and Mrs. Lloyd H. Decker of Tahoe Vista, Karen Decker, Manzanita-Artemisia Hall Association, homecoming queen for the University of Nevada. She was elected by male students and was crowned at halftime ceremonies at the football game Saturday afternoon. She was a queen to be proud of. Karen is a graduate of Tahoe-Truckee High School where so many celebrities have been graduated. The whole community congratulates Karen and her family. Mrs. Decker tells me that crowning was brilliant affair with Mrs. Russell, wife of the governor, placing the crown on the royal head. Karen made a very nice speech and at the dance that night she was presented with a gold cup. Karen has only been over there since September, so you can imagine her popularity.

Back On The Job

Johnny and Jerry Rayburn had a few days off from their summer activities, but this morning I see Johnny back on the job. I see, too, that Dick and Ruth Lavery are back and I know they will have a whole lot of catching up to do. The laundrymat was full of activity this Monday morning. By all accounts they had a wonderful trip, but its good to see them back.

Out For Winter

Lloyd Barnes and Ella Blake, his mother, have just left for Richmond, where they will spend the winter. The weather being so beautiful they hated to leave.

Big Night

One of the finest evening's entertainment ever held was at the Crystal Bay Club last Saturday night. A wonderful buffet, which was out of this world, and around 25 prizes were given away. It was sure fun for Beverly Newell when she picked up the biggest one of all. There was a large gathering and everyone had the time of their lives.

Turkey Shoot

Crystal Bay Club has gone all out once more with entertainment. A turkey and ham shoot will be sponsored at the gun club Sunday, November 3. You may bring your own gun or they will be available at the club. Lunch will be served on the grounds. (See ad in this newspaper for details.)

Out For Winter

Marie Hart of Agate Bay left this week for Reno. She says if my friends forgotten bills want to catch up with me I shall be at the Ted Baker ranch for the winter. The mailing address is P.O. Box 1926, care of Mrs. Baker, Reno. We shall miss Marie as the spring is quite a while away.

New Baby

Mr. and Mrs. Paul Adamco, former chef at the Monte Carlo, writes that they are proud parents of a bouncing baby boy and have named him Peter. Paul is presently with Joby Lewis' Hawthorne Monte Carlo.

Just Bought

Harry Brown a newcomer to Kings Beach has purchased the home of the Leo Ralstons. He is planning to stay all winter. Dave Ashton is building a new room on which will make a big difference to the home.

Warmer Climate

Slim and Icy Laborde have left for Phoenix, Ariz. Icy, I understand, will stay till early summer, but Slim will be spending his time at both places.

Recovering

Mrs. Jackie Jensen is back home at Crystal Bay and is recovering from an illness that kept her in the hospital for a while. Hope she recuperates quickly.

Vacation

Bud and Mrs. Jones of Carnelian

TNT FINDINGS

by NANCY WATTS

The horrible news is here! Quarter grades will be distributed next week. To some students this is a terrible blow! Others don't mind; a very small minority are eagerly anticipating their report cards. As this is only the first quarter of the year, these grades will give some students a chance to realize the quality of their work and do a little better next time.

The scheduled football game with Winnemucca, which was postponed because most of the players on their team were ill with the flu, will be played Friday night, at Winnemucca. Good luck to both our great teams!

Karen Decker, a graduate of TNT and one of last year's seniors, has been running for homecoming queen at the University of Nevada at Reno, where she is majoring in P.E. Recently it was learned that she had won the contest and was crowned at halftime at the homecoming game with Northwestern College on October 26. Congratulations! Tahoe-Truckee certainly can produce some terrific people.

On October 22, some of the senior class took a series of scholastic qualifying tests here, directed by Mr. Brehler. Lasting about two hours, they consisted of general tests in language and mathematics. The scores will be returned in December.

LAKE LEVEL

TAHOE CITY—With 300 cfs of water leaving the gate, the level of Lake Tahoe Monday was 6227.42 feet. Mild temperatures without precipitation have prevailed during the past week, with the thermometer ranging from 32 to 57 degrees.

Bay have left for a nice vacation, after picking up a nice new car. They will go to southern California and the first stop will be to visit the usual place, Disneyland, and then most likely to Palm Springs.

Visiting

Mr. and Mrs. Grober are in the bay area for a few days. They are sure enjoying the lake and intend to stay for the winter. Grober is top man at the Cal-Neva Lodge and we are looking to the time when that will be open all year, too.

Women's Club

At the moment, Monday, 2 p.m., the Women's Club of North Tahoe is meeting at the Crystal Bay Club. I was there a bit ago and it looked as though there was a bumper meeting. Mary Skaggs presided.

On Trip

Don and Mrs. Stumbo have left for Lancaster for a couple of days on business and pleasure. We hope the business part will be most profitable for them.

Business Meeting

The business meeting of the North Tahoe Businessmen's Association at the Buckhorn Inn last Sunday was well attended. Cocktails were served at seven and then a wonderful dinner was served, after which a business meeting was held. There were new members. Mr. Marks, Mr. Cunningham and Mr. C. Z. Smith. There was a balance in the sign fund of \$5800 after erecting two new ones. Plans are going forward to add others at advantageous spots. A committee was appointed by President Harry McIntire to contact the telephone company to change the Brockway exchange to North Tahoe exchange, as an outside resident hardly knows that the Brockway exchange prefix includes Brockway, Kings Beach, Tahoe Vista, etc.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on December 4, 1957, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Placer and Nevada Counties, between Hampshire Rocks and 0.5 mile west of Soda Springs (III-Pla, Nev-37-F, B) about 6 miles in length four-lane separated roadways and frontage roads to be graded and surfaced with portland cement concrete pavement on cement treated subgrade and plant-mixed surfacing on cement treated base and bridges to be constructed.

Bids are required for the entire work described herein. The time limit specified in the special provisions for the completion of work contemplated herein is, in the opinion of the State Highway Engineer, insufficient to permit completion of the work by the Contractor working a normal number of hours per day or week on a single shift basis. It is expected that additional shifts will be required throughout the life of the contract to the extent deemed necessary to insure that the work will be completed within the time limit specified. Any additional costs occasioned by compliance with these provisions will be considered to be included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

In accordance with the Streets and Highways Code, this contract will not be awarded prior to January 1, 1958. The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 7, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontractors; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions.

In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
\$3.30	Skilled Labor
3.62	Asphalt plant engineer
3.00	Boom type backfilling, machine operator
3.225	Boxman (asphalt plant)
3.22	Carpenter
3.055	Cement finisher (journeyman)

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than \$2.705 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above, shall be not less than \$2.505 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than \$2.505 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may

Tahoe-Truckee
School District
News

TRUCKEE ELEMENTARY

Elementary Kindergarten: Dale Ray and Patricia Stone celebrated their fifth birthday this week.

Mrs. Edward Frates kindly consented to be our room mother this year. We are looking forward to the Halloween party which she is planning.

First: The class is looking forward to the Halloween party. Halloween games will be played. Mrs. R. Carpenter is arranging for refreshments.

We have eight new boys and girls from Mrs. Trask's room. They are Mike Davis, Mike Borden, Steve Keith, Wilbur Glenn, Donna Fray, Jennifer O'Bear, Judy Ingalls, and Rose Pinda.

Second and Third: Those having correct final tests for second grade in spelling on Friday were Barry Waters, Michelle Harris, Diane Patterson, Bill Rose, Henry Frates, John McGlade, Diane Doly, Dennis Crandall, Marion and Bruce Ayala, Bobby Goldsmith, Danny Funk, Bobby Jennings, Pamela Horman,

John Gholson had but one wrong. In the third grade Darlene Doolittle, Bruce King, Mary Ann Moore, Charles Collier had correct tests. Wayne Mosby had but one word wrong.

Keith Saunders, Susan Schuler and Charles Collier brought records to share with the class. Charles brought an interesting experiment using a candle and a glass jar.

Mary Ann Moore, Darlene Doolittle, Darlyn Ingalls, Bruce King and Charles Collier planted seeds in our window box.

Third: Our excellent spellers this week are: Kathryn Braasch, Vicki Crandall, Gail Englehart, John Goldsmith, Nicky Kenyon, Jack Melugin, Sharon Petersen, Sheryl Rockholm, Bill Sassarini, Len Vind, Bill Waters, Don White-neck and Sandra Wright.

Donny Whiteneck is leaving us this week. We're sorry he won't be with us this winter, but look forward to his return in the spring.

Bill Waters is building a model of the solar system, to show the planets and satellites all around the sun.

Fourth Grade News: The week was spent in preparing for the coming Halloween festivities. On the music committee are Monty Straub, D. Nelson, C. Hamilton, C.

Lewis, and R. Deghi. The poem committee is made up of R. Deghi, D. Ellis, S. Borden, D. Hintz and D. Pankoke. Julie Knoff and Betty Saarni are writing, producing and directing a one-act play. Teddy Daniels and Candy Hamilton are making a painting a with.

The class enjoyed Mr. Sauby's informal demonstration on making artificial flowers.

Fifth: The pupils making 100 in the final spelling tests this week were: Marcia Leamon, Judy McGinn, Eddie King, Wade Mosby, David Saroni, Dennis Douglas, Jimmy Roth, Dennis Stumbaugh, Danny Garcia, Donna Haunce and Wilana Curran.

This Friday afternoon the fourth will play the fifth in baseball. The team includes: Mike Harris, Eddie King, Jimmy Roth, Dennis Douglas, Gary Jensen, Danny Garcia, Dennis Stumbaugh, David Saroni, Ramsey Mitchell, and Captain Gregory York.

Sixth: Today the girls played a game of kickball with the fifth grade girls. The score was 5-10 in their favor. We only played one inning. These are the girls on the sixth grade team and their position: Catcher, Rebecca Euer; pitcher, Maria Marin; first base, Susanna Scuito; second base, Candy Young; shortstop, Bonnie Fair; third base, Caronina Vrbina; right field, Rowena Schuler; center field, Evelyn Hintz and leftfield, Leilani Braasch.

DONNER TRAIL

Second Grade: In the second grade spelling test Lynn Aro, Debbie Zorich, Charlotte Silvia, and Nancy Burchfield got 100 percent.

Fourth Grade: The fourth grade has made a tarareum and is studying "America Before Man." They are going to make some of the animals that lived before man and learn all about them.

Fifth Grade: The fifth grade is studying "Time and Seasons." They have made a sun dial and are making charts about time around the world.

Sixth Grade: The sixth grade has been studying "Air and Weather."

Monday they are giving a show so the other classes will know that they have learned.

TAHOE LAKE SCHOOL

First, Second and Third: Pictures of class fathers drawn by their kindergarten children are on display in the kindergarten room. Parents are invited to come take a look.

Second and third grades learned the true meaning of Halloween and made panoramas of all Saints Day, showing the basic symbolism. Second grade won the spelling honors for the week.

We have been given the job of collecting for bank day. Each Tuesday a person from our room announces that tomorrow will be bank day. On Wednesday that person goes to each room and collects the bankbooks and put them in the bag. We are very glad to help our school this way. Erik Henrikson was bank day monitor this week.

In the second grade three star papers in printing were made this week. They were George Speeter, Erik Henrikson and Bro Shontz.

KINGS BEACH SCHOOL

Kindergarten and First: We have been making Halloween decorations for our room. We are planning a party in our room on Halloween Day.

First and Second: Mr. Mack visited our room during reading Wednesday. He listened to one first grade reading group read. This group has completed two books. Candy Ehlers, Phillip Goodrick, Kathleen Critchley and Sandra Martin are the first graders who are reading well.

Third and Fourth: The third and fourth grade children are enjoying their new State Series Arithmetic Books. The fourth grade has been reviewing multiplication and division, while the third grade has been reviewing the addition and subtraction combinations.

Fifth and Sixth: The sixth is finishing up a Mexican unit. Next week the sixth will study about Central America. The fifth grade are working on maps of the south eastern states.

We are sorry to say goodbye to three of our classmates: Amy Arndt, Leta Laborde and Sandra Rogers.

You're face to face
with the
B-58 BUICK

It looks and feels like flight on wheels

IT RUNS on gasoline and rolls on wheels. But beyond that, all similarity between this 1958 Buick and any other car you've ever known comes to a decisive end.

This B-58 Buick is literally born of aviation principles — starting with a greater use of aluminum than ever before, and going on from there.

With this automobile you're in the forefront of styling's freshest advance.

With it you boss the B-12000 engine — command through a transmission that's the

big talk of the automotive world—feel a modern miracle in buoyancy of ride, plus the never-before wonders of Buick Air-Poise Suspension.*

With it you can drive with more advances in car design and engineering than history shows in any single year.

This B-58 Buick is ready now in look and line and lift and life to thrill you to a tingle. Go see—now on display at your Buick dealer's.

*Air-Poise Suspension optional at extra cost on all Series. Flight Pitch Dynaflo standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Aluminum Brakes standard on all Series except SPECIAL.

NEVER SO MUCH SO NEW

- ★ Fresh bold styling with the Dynastar Grille.
- ★ The Miracle Ride plus Buick Air-Poise Suspension.*
- ★ Flight Pitch Dynaflo* with the instant flexibility of a million switches of pitch.
- ★ B-12000 Engine with 12,000 pounds of thrust behind every piston's power stroke.
- ★ Air-Cooled Aluminum Brakes* with smoother, surer control and longer life.
- ★ "Velvet Wall" Sound Silencing.
- ★ All built to exacting quality standards.

When better automobiles are built Buick will build them

NEWS NOTES FROM TAHOE

By Naomi McLane
Tahoe City, Box, 711, Juniper 3-3187

Tahoe Rain Low
Friday was a funny day. The lake was of molten glass which

gave an almost completely true reflection of colors. Down by Chambers a rainbow was in full play and was obviously admiring itself in its technicolor beauty. I have been lucky enough to have seen several double rainbows and a moon bow once and a great arch of one with both ends in Lake Tahoe, but this was the first pure reflection I have ever seen. It made a perfect oval and for the mo-

ment I was sure that there has passed away no glory from the earth—if I may quarrel with poets.

First Aid Class

Several people have been asking about the First Aid class which Mrs. Marie Henry has conducted every winter. She is not prepared to give dates yet for she is going to go to school herself for a refresher course. A brand new First Aid book is out, and as an instructor, she will attend a 10-hour instructors' course this November 12 and 13 in Auburn. After that time she will announce the times of the Standard First Aid class, which will be held at Tahoe Lake School. I do not know if everyone realizes that Marie does this work as a volunteer. I do know that many people have taken her course for necessary work both as a first time and as a refresher to fulfill employment qualifications. Our community is grateful to her for this volunteer work.

Announce Engagement

This will not be news to everyone but everyone will be happy to hear that Mr. and Mrs. Martin Spitsen are announcing the engagement of their daughter, Joanne, to Richard Clark Lambert, son of Mr. and Mrs. Melbourne of Merced. Dick has worked this last summer at the Tahoe City Lumber

Company. The young couple plan an early spring wedding.

Mexico Trip

Mr. and Mrs. Max Bretzfelder will not take their Mexico City trip as planned. The brother from South America, whom they were to meet became too ill to enjoy a family reunion at this time. Mrs. Bretzfelder celebrated a birthday with her family in Los Angeles. "Eighteen people, all my family," she writes. The grandchildren especially enjoyed the occasion.

To New York

Mr. and Mrs. Sturgis leave soon for a trip to New York and then on to Cuba for two or three months. This "following the sun" in winter-time can lead to wonderful places.

Newcomers

Among the newcomer families to our lake community are Mr. and Mrs. Max S. Wuthmann and their two children, Mark, who is in kindergarten, and Gay, who is four-and-a-half. The Wuthmanns have moved into the little cabin just beyond Oliver Henriksen's. They have come from Palo Alto and Wuthmann plans to continue his work as a commercial artist here. They hope to start building next summer.

Bakery Helper

Another newcomer is Don Lambert, younger brother to Dick Lambert whose good news you read

above. (If you didn't, surely you should do so now!) Don will be helping in Leonard Bury's Tahoe City Bakery this winter. The Bury's will take off for a well-deserved holiday this November 1. A good part of their vacation time will be spent in Washington where the three of them will visit relatives. They will return November 14.

Observe Anniversary

Dick and Marie Carnell marked a milestone this last October 18 when they celebrated their tenth wedding anniversary with a dinner party at their home with close friends and relatives. Among those present to help the young couple over their first decade were their parents, Mr. and Mrs. Floyd Carnell, Mr. and Mrs. Howard Carnell and Mr. and Mrs. Wesley Donaldson.

Returns Home

Mrs. Carrie Forderhase of Lake View Drive left Thursday to return to her winter home near Sutter. She looks forward to her return and we all hope she has no mishap enroute as she did last May when she went off the road just below the Squaw Valley turn-off.

Back With Car

Mr. and Mrs. Ernest LePire of Lake Forest returned from a several days' visit in Sacramento with a "new to them" car.

Baby Shower

At this writing the sex and name of the new little Bothwell baby are unknown but it was born Tuesday. Maizie Carnell and Betty Wright were co-hostesses this last week of a shower for Frances Bothwell at the Carnell home. It was a real shower for the gifts were put into a gaily decorated umbrella. Besides the honoree friends present were Joyce Spitsen, Myrtle Carnell, Pat Vanni and Alberta Stark.

Have Vacation

Mr. and Mrs. Warren Porter returned Sunday from their over a month's tour of the plateau country. Sun Valley, the Tetons, Glenwood Springs, Aspen, Estes Park, Bryce Canyon, Zion and the Grand Canyon were all ports of call if one may speak of such inland places in nautical terms. They returned home by way of Phoenix and Los Angeles. Porter reports the trip as wonderful but they are tired and glad to be home.

Women's Club

The Women's Club of Tahoe will hold its regular meeting November 7 at 12:30 at Bacchi's Inn in Lake Forest. President Mrs. Don Snyder says that reservations should be made with Mrs. Ernest LePire before that date. Guests are welcome.

Plan Party

Plans for holding the annual Christmas party under the Big Pine Tree in Tahoe City are getting underway, according to committee reports made at the Tahoe City Rotary Club dinner meeting at Bacchi's Inn on October 22. Party Chairman Marshall Rukkala, expected to have purchased the presents within the next week for some 200 children. Bob Tonini, chairman on trimming the 113 foot tree said the electric light wiring is in need of considerable repairs but he and his crew of linemen will do the job in due time. C. W. Vernon, Tahoe City P.U.D. manager, reported the district has plenty colored lights bulbs on hand and as in the past, the district will supply the power. Vice-president Martin Spitsen who presided, cautioned that the Christmas party is a community affair being sponsored by the Rotary Club. He said other organizations and individuals contribute to the cost which is increasing each year because of the increasing population.

BIDS FOR SALE OF LAND

Truckee Public Utility District offers for sale to the highest and best bidder, a portion of NE 1/4 on the NE 1/4 of SW 1/4 of Section 16, T17N, R16E, MDM and further described as that parcel of land located in the Southwest corner of the proposed Freeway Over-Crossing of Highway 38 and bounded on the North and a portion of the East by Freeway fence and on the West and South by the relocated channel of Donner Creek. Dimension of this parcel after necessary relocation of Donner Creek (Creek relocation to be approved by the Truckee Public Utility District and Division of Highways and to be accomplished at expense of purchaser) is approximately 300 Ft. North and South and 180 Ft. East and West. Subject to restrictions. Further information may be obtained from the Manager of the District.

Bids must be for cash on delivery of clear title deed. Bids must be submitted in writing on or before 9 A. M., November 14, 1957. O31-N7

NOTICE TO RECLASSIFY PROPERTY IN ZONE DISTRICT AREA UNIT NUMBER 4, LAKE TAHOE

Notice is hereby given by the Placer County Planning Commission that two public hearings will be held by said Planning Commission on Friday, November 8, 1957 and Friday, November 22, 1957 at the Courthouse, Auburn, Placer County, California, at the hour of 11:00 A. M. to consider the petition heretofore filed by Ray Towers and Thomas F. Joyce, Jr., for the reclassification of the hereinafter described lands from one and two family dwellings to commercial:

A portion of Section 7 T15N, R17E MDB&M. Beginning at the Southeast corner of the parcel described hereby, a point in the center of California State Highway III Pla 38A, from which point the Southwest corner of Section 7 T15N, R17E, MDB&M bears the following three courses—S2°22'50" W 348.41 feet, S0°43' W 582.03 feet, and S89°42'30" W 1900.15 feet; thence along the centerline of said highway on the arc of a curve to the right having a radius of 6000 feet (said arc being represented by the chord of N8°32'20" E 941.14 feet) to a point hereby designated as Point "A"; thence continuing along the centerline of said highway on the arc of a curve to the right having a radius of 6000 feet (said arc being represented by the chord of N 13° 46' E 153.32 feet); thence continuing along the centerline of said highway on a tangent to the last mentioned curve N14°30'E 641.5 feet, more or less, to the East-West centerline of said Section 7, thence Westerly along the East-West centerline of said Section 7 for a distance of 970 feet; then at right angles South 150 feet to a point; thence Southerly in a direct line to a point which is located S89°42'30" W 520 feet from a point in the said

Court Decision Leaves Something To Be Desired

SACRAMENTO (CNS) — Hair-cutting shears and razors, cuticle nippers and eyebrow tweezers are "instruments" under the state law but combs, brushes, shampoo capes, metal hair clips, bobby pins and hairpins apparently fall into a different category.

This was the gist of a lengthy attorney general's opinion prepared by one of the deputies in answer to a question from the state board of cosmetology. The question came in regards to a law requiring schools of cosmetology to furnish "all cosmetics, materials and supplies" to students, but not including "books and instruments."

The opinion noted it was difficult

State highway, the last mentioned point in the said highway being distant N 13°46' E 61.78 feet from the afore mentioned Point "A"; thence S25° 35' E 66.52 feet to a point on a line which bears S89°42'30" W from the aforementioned Point "A"; thence S89°42'30" W 43 feet, more or less, to a point which is distant S89°42' 30" W 520 feet from the aforementioned Point "A"; thence Southerly in direct line to a point distant S89°42'30" W 540 feet from the point of beginning; thence N 89° 42' 30" E 540.00 feet the point of beginning.

Excepting therefrom that portion lying within the boundaries of the California State Highway.

Containing 23 acres, more or less.

At said hearing all persons in favor of the granting of said petition and all persons opposed thereto may be heard.

Dated: October 18, 1957.

HARRY STUBLEY, Secretary
Placer County Planning
Commission.
NANCY CAPERON, Clerk of
said Commission.

NIGHT DRIVING ADDS TO ROAD HAZARDS

SACRAMENTO — Driving at night calls for sharper driving for safety warns the California Highway Patrol.

"Fall and winter months with longer hours of darkness usually have a higher than average traffic accident frequency," Patrol Commissioner B. R. Caldwell stated. "Excessive speed and improper use of headlights are two frequent contributing factors during the night hours."

"Drivers should drive at a speed

that will allow them to stop within the sight distance of their car headlights," Caldwell said. "Also, headlights should be properly adjusted to avoid blinding oncoming drivers."

"Another hazard is failure to lower the headlight beam for other drivers," he continued. "The law requires use of the lower beam when approaching an oncoming car within 500 feet and when following another vehicle within 200 feet. These regulations, like all other rules, are for your safety and when obeyed will help keep you out of accident trouble."

Membership Drive For VFW Auxiliary Started

CRYSTAL BAY—President Pearl Moore of the Ladies Auxiliary of Post No. 7077, Veterans of Foreign Wars at Lake Tahoe, announces that the 1957-58 membership drive is now in full swing and that only three more new members are needed to reach the goal set to keep the trophy cup at Tahoe.

The auxiliary, with 100 percent paid membership and quota of new members filled first is awarded a revolving trophy by the department. Every auxiliary within the state in working to get the cup which has been retained by the Lake Tahoe group for the past two years.

New members signed since the drive started are Pearl Martin, Nola Denny, Betty Baxter, Carol Busby and Loleita Decker.

CAR RECOVERED

Deputy Sheriff Ralph Ayala reported the recovery of a car stolen in Reno and abandoned on the main street here a week ago. The 1953 Ford station wagon was stolen in Reno on October 24.

BOOK CLUB

Members of the Great Books Discussion Group are reading Jonathan Swift's "Gulliver's Travels" in preparation for the November 13 meeting to be held in Tahoe City. Watch next week's Sierra Sun for announcement of leaders.

More Highways

Continued from Page 1

miles, \$7,800,000 freeway project included in 1958-59 budget (\$5,500,000 financed in 1958-59 fiscal year).

Newcastle to Auburn, three and one-half miles, \$2,578,000 freeway project under construction (some structures and grading completed under previous contract).

Auburn to Heather Glen, 11 miles, expressway completed. Heather Glen to Colfax and Colfax to Magma (west of Gold Run), 12 miles, two expressway projects totaling \$7,875,000 under construction.

Magma to one-half mile west of Monte Vista, four miles, \$3,000,000 freeway project included in 1958-59 budget.

Local Work

One-half mile west of Monte Vista to Hampshire Rocks, 22 miles, freeway route adopted and rights of way being acquired. (Detour nearly completed near Monte Vista at cost of \$315,000).

Hampshire Rocks to Soda Springs, six miles, \$5,600,000 freeway project included in 1958-59 budget (\$4,000,000 financed in 1958-59 fiscal year).

Soda Springs to east end of Donner Lake, 10 miles, freeway route adopted.

East end of Donner Lake to near Boca, nine miles, \$8,800,000 freeway project included in 1958-59 budget, (\$5,400,000 financed in 1958-59 fiscal year).

Near Boca to near Floriston, six and one-half miles, \$9,450,000 freeway project included in 1958-59 budget (\$5,373,000 financed in 1958-59 fiscal year). (Detour now under construction at cost of \$565,000).

Floriston to Nevada stateline, five miles, \$5,420,000 freeway project under construction.

Another project in the 1958-59 budget provides for the widening of state sign Route 89 for eight and three tenths miles between Squaw Valley road and the Donner Creek underpass near the junction of U.S. 40 at an estimated construction cost of \$1,700,000.

Hurt By Fall

"Hap" St. Claire, a well known Truckee resident, is nursing severe facial lacerations and bruises for which he was treated at the Tahoe Forest Hospital Sunday morning. Deputy Sheriff Ralph Ayala said St. Claire reported being struck by a truck while crossing the street, but the officer said all indications were that the victim merely fell, striking his face on the pavement.

BACK FROM TRIP

Mrs. A. B. Polyanich returned last week after a vacation trip to Riverton, Wyo., where she visited with relatives and friends. Mrs. Polyanich drove the 2400 miles but had a bout with the flu while on the return trip.

Has Operation — Louis Goicoa underwent an emergency appendectomy Monday in the Tahoe Forest Hospital.

To Wed — Lloyd Brown and Edith Goselin, both of Kings Beach were issued a marriage license at Nevada.

Returns Home — Mrs. I. Firpo returned from a trip to Crescent City.

Theater Party — Craig, son of Mr. and Mrs. Orla Swauger was feted Saturday afternoon at a Donner Theater and desert party, sharing the event with a group of classmates.

Russells Elk — Mr. and Mrs. Lauren Russell returned from their hunting trip in Montana where he successfully bagged a large elk.

Miss Rosalee Christensen Weds Frank Giovannoni

With only members of the immediate families and close friends present for the wedding ceremony at Reno on Sunday, Miss Rosalee Christensen became the bride of Frank Giovannoni.

The marriage rites were performed by Rev. Gareth Hughes. Mrs. Gordon Stewart and Robert Trask acted as matron of honor and best man.

A dinner for the wedding party followed at Cozzi's restaurant and a toast was given as the newlyweds cut the tiered wedding cake.

They are making their home here where Giovannoni is employed by the Sierra Pacific Power Company.

The bride is the daughter of Mrs. Dorothy Kaspien and the benedict is the son of Mr. and Mrs. Frank Giovannoni, all of Truckee.

Mr. and Mrs. Giovannoni are graduates of the Tahoe-Truckee Unified High School and are well known members of the younger set.

A pre-nuptial shower was given for the bride on October 23 by Miss Janice Buehler when gifts for their home were presented to the guest of honor and she cut a beautifully decorated cake.

Mrs. Elwood Buehler and Mrs. Dorothy Kaspien assisted the hostess. Those invited to attend included Mesdames Kaspien, Frank Giovannoni, G. Gini, Yolanda Olan, Ernest DeLisle, E. Gini, George Kaspien, G. Brown, Gordon Stewart.

RAINBOW GIRLS WILL FEED RINK WORKERS

Hope Assembly for Rainbow Girls held a meeting October 28 when members decided to prepare refreshments for volunteers working on the ice pond.

The formation of a Rainbow basketball team to compete against the State Highway Patrol team was also discussed.

The Rainbow Mothers Club also held their meeting and refreshments were served at the close of business.

art, M. E. Brown, Barbara Brown, Harry Eaton, James Thomas and Mrs. R. R. Frank of Verdi, Nev., and Misses Linda Loynd, Jackie Manahan.

WEBSTER TO MANAGE UNION STATION HERE

L. F. Webster has taken over the management of the Union Service Station located on Highway 40 next to the California Agricultural Quarantine Station, arriving recently with Mrs. Webster from Coalinga.

Webster managed a Union station in the south for five years and Mrs. Webster was employed in the U.S. Post Office there. The couple decided to locate after vacationing here last summer.

They are buying a house in the new Donner Trails subdivision near their place of business and will be joined later by their son who is presently in the U.S. Air Force.
